This is a sample abstract for ISAMP Golden Jubilee Meeting 2026 to be held at IIT Delhi. The best way to follow all the guidelines spelled out below is to use the word or latex template provided on the conference website.

1. Abstracts should be written in English. The abstract should fit on one A4 page (210 mm × 297 mm) and should come without a page number. It should be submitted in PDF format through the conference website. Files larger than 5 MB will be rejected.

2. It is your responsibility to check that the abstract is correctly formatted and readable. Incorrectly formatted abstracts will be rejected. Do not modify the pre-defined margins.

3. Use 11 pt Roman font for the text or a similar font such as Times New Roman throughout the abstract. Font sizes are listed in table 1.

Table 1. Font sizes to be used in the abstract.

	Title	Authors, Body	Affiliations, Synopsis, References
Size	14 pt	11 pt	10 pt

4. The title should be typed in 14 pt boldface font and centred.

5. Leave a single (9 pt) empty line after the title line(s), after the author(s) list and after the affiliation(s) list.

6. Leave an empty line of 18 pt after the synopsis. Type the body text in two-column format with 0.75 cm column separation. The text should be single-spaced and the first line of each paragraph should be indented by 0.5 cm.

7. Only one figure file, which may display subfigures, is allowed. It will be shown in colour in the electronic version of the abstract. Provide a separate figure caption (10 pt) in concise form.
